ZineCat is the home of a union catalog dedicated to zines. A union catalog is a resource where libraries can share cataloging and holdings information from their individual collections. The Zine Union Catalog (ZUC) facilitates researchers' discovery of zine holdings by searching a single catalog search interface, and helps catalogers copy records, and facilitates the lending of materials between libraries. ZUC serves educators, researchers, creators, librarians, archivists, and anyone in the general public with an interest in zines.
